Andy Friderichsen arrived in Edmonton in 1950 and has kept a copy of the 1951 ALCB Price List which he recently shared with your Editor. It is a remarkable window into life in Alberta when there were only 44 government liquor stores; including two in Calgary and three in Edmonton. This was an era when ladies could not drink alone in a tavern or beer parlour. There was a specific area set

aside and designated as Ladies and Escorts. **On May 12, 1924**, the first two government liquor stores opened ending eight years of prohibition. In **September 1993**, the provincial government announced that it would privatize all 208 government liquor stores. ***No other provincial government has exited the retail side of the liquor business***. There are currently 2,136 liquor retailers including 1,451 retail liquor stores, 481 off-sales outlets, 96 general merchandise liquor stores and 108 other liquor retailers. In 1993, there were 803 liquor retailers and 2,200 products available; today there are 22,815 products.

President Ray Dallaire welcomed 38 Gyros and three guests to the June 6th luncheon meeting held at the Royal Mayfair Golf Club. **Jack Little** led the singing of Cheerio and **David Burnett** presented the Grace.
John Ross introduced his guest and new member applicant **Peter Gommerud.**

Bob Kerrison introduced our guest speakers **Dean Heuman** and **Colin Hill.**
Dean is Co-Owner of Focus Communication and Vice-President of RWE Events. He is also the **Head of Stakeholder Relations for Phase One of the Valley Line LRT.**

Colin is the **Deputy Project Director Civil** with EllisDon, on assignment with the TransEd Design-Build Team delivering the Edmonton Valley Line LRT Project. Colin's role with TransEd is the overall delivery of the civil scope of work for the project which will include a 15,000 square metre Gerry Wright Operations and Maintenance Facility on 75 Street and Whitemud Drive, a 250-metre-long Cable Stay bridge across the North Saskatchewan River, a 600 metre mined tunnel downtown, 13.1 km of rail line, 11 stops/stations and 1.5 km of elevated guideway. Colin is obviously ONE BUSY BOY!

The Valley Line LRT Stage 1 project is a **Public-Private Partnership (P3**) that includes a five-year design-build stage and a 30-year operation and maintenance (O&M) term. The contract is valued at $1.8 billion in net present value.

TransEd Partners is a consortium including construction company **EllisDon**, engineering firm **Bechtel, Bombardier Transportation**, and **Fengate Capital Management**. The City of Edmonton selected TransEd Partners in late November 2015 as the preferred proponent to design, build, finance, operate, maintain, and supply vehicles for the project. The group was chosen following an 18-month procurement process that accepted proposals from three international firms. TransEd will be responsible for any delays and will be subject to financial penalties. The consortium will also be subject to heavy penalties if the line does not run as expected.

The Bombardier trains will consist of seven low-floor cars and will accommodate 275 people including 14 bicycles and 14 wheel chairs. The trains will move with the traffic and be like a street car but will have priority at traffic lights. Eighty-0ne percent of the sub-contracts will be supplied by Alberta-based companies.

Past District Governor David DeRoos and his wife **Bonnie** welcomed 90 Gyros and ladies to the **District VIII Convention** held in **Wallace, Idaho June 15-18th**. Members from the Calgary, Edmonton, Lethbridge, Nelson, Sherwood Park, Stampede City, and Wallace clubs enjoyed the laid back informal nature of historic Wallace during **Gyro Days**. Those attending from the Edmonton Club were the Larson's, Ross's, Dobson's, Mike Matei, Schulte's, Peter Carter and Eileen Kuhl, Foy's, Sam Gruden, Alan Rusler and Lorraine Assheton-Smith, Little's and Swanson's.

The District VIII Convention coincided with **GYRO Days** and **The Lead Creek Derby** which has been held for 76 consecutive years. Lead Creek is the South fork of the Coeur D' Alene River which in the peak silver mining times was heavily polluted with grey waste water. The Derby was held on Saturday afternoon, June 17th and started with the drop of the large multi-coloured Gyro ball from the bridge in Mullan, six miles upstream from Wallace. The ball was followed, chased, and removed from obstacles by athletic members of the Wallace Club. Thousands of tickets were sold and the winning tickets won various amounts of silver based on the ticket that matched the time the ball reached downtown Wallace. This year's winning time was **3 hours and 22 minutes**. The proceeds from the sale of derby tickets are given as scholarships to Grade 12 students in Mullan and Wallace who wish to pursue college or university.

The following awards were announced:
