## SICK AND VISITING

Ken McKenzie recently underwent surgery at the Misericordia Hospital. We trust that he is now well on the road to recovery.

## FOUNDERS' NIGHT

The Tri-Club Founders' Night Celebration was held on Tuesday, October 15/85 at the Mayfair Golf and Country Club with an excellent turnout from all three Edmonton Area Clubs.

The guest speaker, Jack Jones, of the Calgary Gyro Club was introduced by 1st Lieutenant Governor Marty Larson who described him as a true westerner, having spent various portions of his life at Moose Jaw, Biggar (you know New York is big but this is Biggar), Camrose, and Calgary, where he now lives the good life of retirement.

Jack, a member of Gyro for some thirty years, an honorary member of the Edmonton Club, and District Vlll Governor in 1978-79, has contributed well and worthily to the promotion of Gyro fellowship over the years.

In his talk he pointed out the importance of promoting the Gyro hand of friendship through visitations and friendly inter-club rivalry in sports competitions such as horse shoes, golf, curling, bocce ball etc.

He lauded the Past Presidents' dinners as a means of keeping Gyro enthusiasm at a high pitch, and suggested that Crossroads and Sherwood Park should each inaugurate such an activity.

~~Jack took the occasion to illustrate the long lasting Gyro relationships that~~  
exist when he told the gathering that a Memorial Service would be held on  
October 27 at Southwood United Church in honor of Bill Cromarty, a Past Pres-  
ident of the Calgary Club and a Past District VIII Governor in the 1930's,  
at which a stained glass window would be dedicated in his memory.  
Fred Anderson thanked the speaker for his interesting and inspiring message.  
He took time, too, to announce that the 1986 District VIII Convention host  
would be the Sherwood Park Gyro Club.

Some TV advertising in its intensity seems to suggest that louder is better.

(over)

Perhaps we should first consider Ogden Nash's thoughts as expressed in  
"First Payment Deferred"

"Some debts are fun while you are acquiring them,  
But none are fun when you set about retiring them,  
So you think you will reform, you think instead of  
sinking into debt you will ascend into credit.  
So you live on a budget and save 25% of your salary  
and cut corners and generally audit and edit,  
And that is the soundest idea yet,  
Because pretty soon your credit is so good  
that you can charge anything you want and  
settle down for eternity into peaceful and  
utterly irremediable debt."

So much for insolvency as opposed to solvency.
